## A TOOLKIT FOR PALS

Supporting  
LGBTQ+

Gaisce participants  
and allies

**Gaisce – The President’s Award** is committed to diversity and inclusion, and ensuring that all young people feel visible, represented and included in the Award.

**Gaisce LikeMinded** aims to promote and support LGBTQ+ inclusion and visibility across the Gaisce Award.

A holistic approach to LGBTQ+ inclusion that involves the whole school/organisation community is widely considered to be the best approach in creating an inclusive, safe, and supported space for all. Belong To, LGBT Ireland, and the Department of Education all have resources to support and inform organisations in their approach.

We hope this toolkit is helpful for Gaisce PALs in their role by providing practical ideas, guidance, and signposting around LGBTQ+ themes, with a view to supporting greater inclusion of all young people across their Gaisce programme.

## Sport and Exercise

Research suggests that many LGBTQ+ young people can feel excluded from sports and there is still work to do to ensure that sport is inclusive to everyone.

Belong To has an online training course, 'Creating LGBTQ+ Inclusive Sports', designed to empower professionals with the skills and awareness needed to provide a more supportive environment for LGBTQ+ youth engaging in sport.

There are several **LGBTQ+ sports clubs** across the country, from soccer and GAA to basketball and running. If under 18, check with the club first as some clubs have adult members only.

# PRACTICAL GUIDANCE FOR PALS

There are some simple things you can do to make your Gaisce programme more inclusive of all identities, such as:

- ▶ **Foster a culture of acceptance and equality** for all and **challenge any homophobic or anti-trans remarks** or microaggressions you witness from both staff and other young people.
- ▶ **Avoid gender stereotyping** (e.g. boys like football, girls like the colour pink).
- ▶ **Use inclusive language and gender-neutral terms** to help to support an open and inclusive environment. For example, use “hello everyone” instead of “hello ladies”.
- ▶ **Avoid splitting young people by gender** for any of your activities.
- ▶ **Allow young people to express their identity** freely and don't make assumptions.
- ▶ **Address young people according to their preferred gender**, name and pronouns. Apologise and correct yourself if you make a mistake.
- ▶ **Be vigilant at looking for signs of bullying.** Treat this in the same way as any other bullying, following your organisation's anti-bullying policy.

## Supporting young people who are trans or gender non-conforming

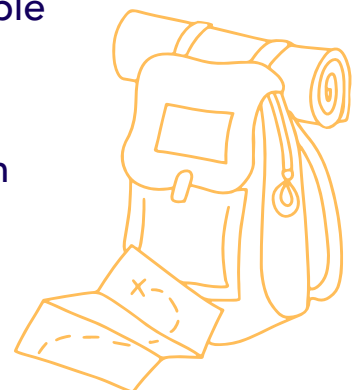

When supporting young people who are trans or gender non-conforming, always be led by the young person and where supportive, the parents/carers. Listen to and accept what the young person is telling you, without judgement.

Always respect the young person's confidentiality and preferences in relation to who is aware that they are transgender; do not tell others without their consent.

## ADVENTURE JOURNEY CONSIDERATIONS

The following are some considerations for PALs in terms of supporting young people with the Adventure Journey, overnight element of the Award:

- ▶ Discuss options well in advance with the young person and others involved, whilst protecting the young person's right to privacy. The principle is to make sure that everyone is comfortable with the arrangements. Be sensitive to the needs of the young person; avoid making them feel singled out or not respected.

# ADVENTURE JOURNEY CONSIDERATIONS

- ▶ In relation to toilet facilities, always be led by the preferences of the young person around which facilities they feel most comfortable and safe using.
- ▶ Sleeping arrangements should be carefully planned, assessing the needs of young people and any risks. The following are some options to consider, they should be risk assessed and spoken about with the young person and their guardian/s:
  - ↳ Sharing with other young people of their true gender (or their sex assigned at birth if they would prefer), either in large or small rooms/tents with their trusted friends.
  - ↳ Large rooms/tents with various sleeping compartments, discretely allocating the young person their own compartment for privacy.
  - ↳ Having their own **private room/tent**
